TO

PROF. DR. GYULA HORVÁTH  
DIRECTOR  
INSTITUTE OF REGIONAL STUDIES  
HUNGARIAN ACADEMY OF SCIENCES

**IN MEMORIAM**

It is with great sadness that the geographers at the National Institute of Geophysics, Geodesy and Geography, Bulgarian Academy of Sciences learnt of the passing of **PROF. GYÖRGY ENYEDI**, Member and former Vice-president of the Hungarian Academy of Sciences, and the International Geographical Union, an outstanding figure among the scientists shaping international social science and one of the founders of regional science – a new scientific discipline of the 20th century.

The world geographical science community lost one of its most prominent representatives, a distinguished researcher who left us with 45 books and over 400 scientific publications. Prof. Enyedi played an important role as Honorary Member of seven foreign geographical societies, Corresponding Member since 1982, and full Member of the Academy since 1990. He was an eminent Vice-president of the Social Sciences Section at the HAS, Member of the Academia Europaea in London and of editorial boards of several international scientific journals, Deputy President of the Intergovernmental Council of Social Sciences of UNESCO, and President of the Hungarian UNESCO Committee.

Please allow us to express condolences to his family, friends, and colleagues! We mourn with you all!

Assoc. Prof. Dr. Georgi Zhelezov  
Head of Department "Geography"

Prof. DSc. Nikolay Miloshev  
Director
